PROJECTS

Video Player App (View here)   Sept 2023 – Oct 2023
Custom Controls Project   *Html, Css, Javasript*

- Implemented a fully responsive video player using HTML5, CSS3, and JavaScript, ensuring optimal viewing experience across various devices and screen sizes.
- Integrated custom controls including play, pause, volume, and full-screen toggle, enhancing user interaction and accessibility.
- Utilized media queries and flexible grid layouts to adapt video dimensions dynamically, maintaining aspect ratio and high quality on all screens.

My Portfolio (View here)   Aug 2024 – Present
Showcase of Skills and Projects   *Html, Css, Javascript*

- Included sections for projects, skills, and services, organized for easy access and readability.
- Showcased a professional 'Contact Me' section with a functional contact form, enabling visitors to easily reach out.
- Implemented smooth scrolling navigation and interactive UI/UX elements, providing a seamless user experience.
